

BerkeleyShaw
REAL ESTATE

11 Briary Croft, Hightown, L38 9ES

Offers Over £500,000

Occupying a peaceful plot approx. 0.3 acre within a QUIET cul-de-sac in the highly sought-after coastal village of Hightown, this exceptional home offers a RARE OPPORTUNITY to acquire approx. 1500sq ft of beautifully appointed accommodation, on what is effectively a newly built property behind an existing footprint. Ideally situated within walking distance of local shops, the VILLAGE PUB and railway STATION, the property also enjoys direct access to the stunning sand dunes and the beautiful sandy BEACH for which HIGHTOWN is renowned.

Having undergone an extensive programme of REDEVELOPMENT and RECONSTRUCTION, the property has been transformed far beyond a conventional renovation. The works include new FOUNDATIONS, a substantial EXTENSION, structural steel installation, complete roof reconstruction and a full internal reconfiguration, creating a home designed to meet the expectations of modern living while retaining the character of its established coastal setting.

The attention to detail continues throughout the interior, where high-quality finishes and contemporary styling combine to create an impressive TURNKEY HOME ideal for downsizers. A stunning open-plan living environment is enhanced by large BI-FOLD DOORS opening onto the LARGE GARDEN with elevated viewing terrace with estuary & sea-views, allowing natural light to flood the space and seamlessly connect indoor and outdoor living. Premium features include herringbone LVT flooring, a beautifully appointed contemporary kitchen, modern lighting design and carefully considered media installations.

Beyond the visible improvements, significant investment has been made in the fabric of the building, including a complete electrical rewire, new plumbing system with unvented hot water cylinder, upgraded insulation and modern drainage infrastructure. Combining the feel of a new-build home with the charm and setting of an established coastal location, this is a truly unique offering!
